1. Company Overview

Zebulon Business Solutions (Pty) Ltd is a multi-disciplinary services company established in 2025 with a growing national footprint across South Africa. The company delivers integrated, high-quality and cost-effective solutions across construction, civil infrastructure, security system integration, information technology, facilities management and infrastructure support services.

The organisation operates across industrial, commercial and residential sectors, serving both public and private sector clients. With referrals and completed projects across North West province, Zebulon Business Solutions has positioned itself as a reliable and scalable service partner.

The company's strategic objective is to build a sustainable enterprise that delivers projects on time, within budget and to the highest quality standards, while maintaining strict safety compliance and ensuring long-term client satisfaction.

2. Vision

To become a nationally recognised and trusted service provider known for quality workmanship, technical excellence and professional project delivery.

3. Mission

To provide innovative, efficient and reliable solutions that add measurable value to clients through skilled execution, professional project management and superior workmanship.

4. Core Values

Our core values are the foundation of everything we do. We operate with integrity and accountability, ensuring transparency and responsibility in all our engagements. We strive for excellence in service delivery, consistently exceeding expectations while maintaining professionalism and ethical conduct.

We are committed to client satisfaction and building long-term partnerships based on trust and reliability. Through continuous improvement and innovation, we adapt, evolve, and deliver sustainable value to our clients.

ZEBULON
